ASX MARKET ANNOUNCEMENT

Melbourne, 24 August 2012, The Board of Directors of Hawthorn Resources Limited (“Hawthorn” or “the Company”) (ASX code : HAW) is pleased to announce that it has been in negotiations with a Consortium of Chinese investors which has significant links with the mining industry and a number of Australian mining companies.

At the time of seeking a Trading Halt on Wednesday 22 August 2012 it was considered that the formal execution by Hawthorn and each of the Consortium members would have been concluded by this morning. That has not happened and it is now expected that executions will be finalised over the weekend.

The subject of the negotiations has been for the Consortium members, subject to shareholder approvals, to make a significant equity investment in Hawthorn so that an aggressive programme of exploration may be undertaken on the Company’s gold projects whilst continuing to develop the Mount Bevan Iron Ore Project.
